What is OPT?
Optional Practical Training

• Temporary employment authorization that is directly related to an F-1 student’s major area of study

• You can apply for 12 months of post-completion OPT only once at each level of study:
  • Bachelor’s
    • Second bachelor’s students who have already had OPT at the bachelor’s level cannot apply again at that level
  • Master’s
    • Second master’s students who have already had OPT at the master’s level cannot apply again at that level
  • PhD
    • Second PhD students who have already had OPT at the PhD level cannot apply for OPT again

• Students in STEM (Science, Technology, Engineering and Math) may apply for a 24-month extension during Post-Completion OPT if they qualify.
Who can apply?
Post Completion OPT

• Any F-1 student who
  • Is in valid F-1 status
  • Has been enrolled full-time for one academic year (two long semesters)
  • Completes all degree requirements in the academic program listed on their I-20 and are eligible to receive their degree
  or
  PhD or master’s students who will complete all coursework and are enrolled in thesis/dissertation only.*

*Students who choose to do post-completion OPT while working on thesis or dissertation must graduate before the OPT end date. Students who do not graduate in time may be considered out of status.
Employment Authorization Document

- EAD = Employment Authorization Document
  - The card you receive from USCIS when your OPT is approved
- You may only begin work after the start date printed on your EAD card
“Can I work before I get my EAD card?”

• You cannot work before you have your EAD card and you cannot work until after the start date listed on your EAD card.

• Working on-campus is prohibited after the program end date listed on your I-20 unless you have received your EAD card and the job is related to your major.
• Students must justify how the job is related to their major

• Ask yourself: “Is there a clear connection between the job and my major?”
“How do I maintain status for OPT?”

• You **may not** work until you have your EAD card and the start date on the card has passed

• You **may not** go to school to pursue a new degree while on OPT
  
  • New degrees require a new I-20 and full-time student enrollment
  
  • Part-time, non-degree study is acceptable while on OPT

• You will be out of status if you have more than 90 days of unemployment during any post-completion OPT. This means if you take too long to find a job, or if you lose your job, and don’t find another one, you may go out of status!

  • Remember, only 90 days total unemployment is allowed during the 12 months of OPT!

• Use your time wisely!
Maintaining Status

• You must report any changes to UNT within 10 days.

• This includes changes to:
  - Name
  - Address
  - Employer
  - Employer Address

All gaps of unemployment **must be reported**. Gaps cannot accrue greater than 90 days or you will be considered out of status.
Maintaining Status

• Report any employment changes or changes to your address via iNorthTX here.

*Note: Submitting employer updates will not generate a new I-20. If you would like a new I-20, submit a request for a reprint after submitting your employment report.
Maintaining Status

- Employment must be full time (at least 20 hours per week) and related to degree program
- Types of employment:
  - Paid
  - Unpaid
  - Internships
  - Multiple Employers (total hours must be at least 20 hours per week)
- Jobs on campus may not be student positions
Maintaining Status

- **Keep records of all employment**
  - Employer, dates of employment, title, hours worked, relation to your degree, etc.

- You will need this information when applying for future benefits through USCIS (H1B, permanent residency, etc.)
“When can I do OPT?”

• You can participate in post completion OPT when you have completed your degree program
  • Completion: the last day of required enrollment

• Completion is not when you graduate or “walk across the stage”
Timing

- You may apply up to 90 days before and no more than 60 days after your completion date.
- You will select a start date.
  - Example: If your completion date is May 13, you can choose to start anywhere from May 15 to July 12.
- “Can I change my start date after applying for OPT?”
  - No. After mailing your application you cannot change the date.
Timing

- **Warning:** If USCIS receives your application before the end of the end of your 60-day grace period but your OPT is approved after your grace period ends, you may not receive the full 12 months of OPT.
- A student cannot have more than 14 months between the end of their program and the end of OPT.
