U.S. Department of State
Consular Affairs

To Whom it May Concern:

This letter is to confirm that the University of North Texas (School Code DAL214F0061000) will offer in person classes in Spring 2023 with instruction beginning on January 17th, 2023 for our Master of Science in Information Science Health Informatics degree program.

Our Master of Science in Information Science has available concentrations including Health Informatics. The Texas Higher Education Coordinating Board (THECB) has assigned the CIP Code of 11.0401 Information Science/Studies to our MS in Information Science degree programs. **Please allow this letter to serve as confirmation that the student applying for their F-1 visa at your consulate is eligible to participate in our MS in Information Science with a concentration in Health Informatics.**

The MS in Information Science Health Informatics program is ranked 36 in the nation by the *U.S. News and World Report*. Our degree provides preparation relevant to several specializations within health informatics, including:

- Academic Health Sciences Centers
- Health Care Systems
- Health Sciences Libraries
- Consumer and Patient Health Information Agencies
- Pharmaceutical Industry
- Government Health Information Agencies
- Community-based Health Information Agencies
- Public Health Information Agencies
- Biomedical/Biotechnology Industry

Additional information about our MS in Information Sciences Health Informatics program can be found online at: <https://informationscience.unt.edu/ms-health-informatics>

Any assistance with visa issuance in time for Spring 2023 is greatly appreciated, including an expedited or emergency visa interview, if necessary.

Sincerely,

Kinshuk, PhD
Dean, College of Information
